

Developing entrepreneurs is a very modern group of society members who are setting up the base of knowledge-based economy and merging the innovations with economy to contribute in the sustainable development of nations under UNO defined sustainable economic growth goals. Developing entrepreneurs are students and university graduates who are having an innovative idea and are working to establish their own start-up companies but don't know from where to start and how to start?

KarafarinShows (www.karafarinshow.com / www.code-international.com), or International Confernece of Developing Entrepreneurs by IMAQ (Ideparvaran Mashregh Qazal) Pvt Ltd, is a growing network of 3500+ active international students, techno-entrepreneurs, academics and investors. CODE International is aimed to be the largest network in China- Pakistan-Iran-Turkey axis creating unmatched opportunities for students, academics and developing entrepreneurs to be inter-connected with the entrepreneurs from neighboring and regional countries.

The comprehensive international platform "CODE International" was implemented in 2017 in holy Mashhad in order to respond to the need of the society and with the aim of networking the main players of the national and international entrepreneurship ecosystem. In this platform, during 1 year, more than 100 programs in the form of workshops and educational tours, entrepreneurial events, consultancy meetings with universities and entrepreneurs of ECO countries happened. The output of these activities were aimed to the development of the knowledge-based economy in society and moving towards the creation of a startup city; A city where every citizen will be an entrepreneur.

Based on this, the first big international festival called "KarafarinShow 2017", as well as the first congress of Developing Entrepreneurs on December 7-8, 2017, was organized in the main auditoriam of the university located at the Faculty of Sciences, Ferdowsi University of Mashhad. This festival was carried out with the aim of creating a network of entrepreneurial students and investors from the

member countries of the ECO Cooperation Organization, in which the three countries of Iran, Pakistan and Turkey are the main center of this network. In this festival, thousands of idea owners, national and international entrepreneurs, start-up companies, investors and diplomats from the countries of Iran, Pakistan, United Arab Emirates, Afghanistan, Iraq, Syria, China and Australia gathered and exchanged and interacted.

The opening lecture was delivered by the Dr. Alamolhodaei, the president of Khorasan Science and Technology Park which was followed by the presentation of Dr. M. Irfan-maqsood, the president of CODE International / IMAQ Group.

Mr. Irfan Bokhari, Counsul General of Pakistan at Mashhad, Iran, Dr. Subhan Qureshi, Chief Patron of Diary Science Park, Dr. Gao Zhibbu, President of Yuce Biotechnology Ltd were also among the presntor of the conference opening and focused on the significance of regional networking for a sustainable development of the region.

After opening ceremony, a question/answer session was to answer the questions of audience which was paneled by Dr. Sahibi, author of book 'Theory', Dr. Irfan-maqsood, president of CODE International, Dr. Ghanbari, Deputy of Khorasan Science and Technology Park, Mr. Nasir Ijaz, Cofounder of Autoplus LLC, Dubai.

50 ideas were presented, 25 were chosen for 2nd round and 10 were chosen for public voting and for special presentations under the media campaign to promote the first 10 developing entrepreneurs of Karafarinshow by a group of 15 members of jury from all (public & private) sector of Khorasan Razavi.

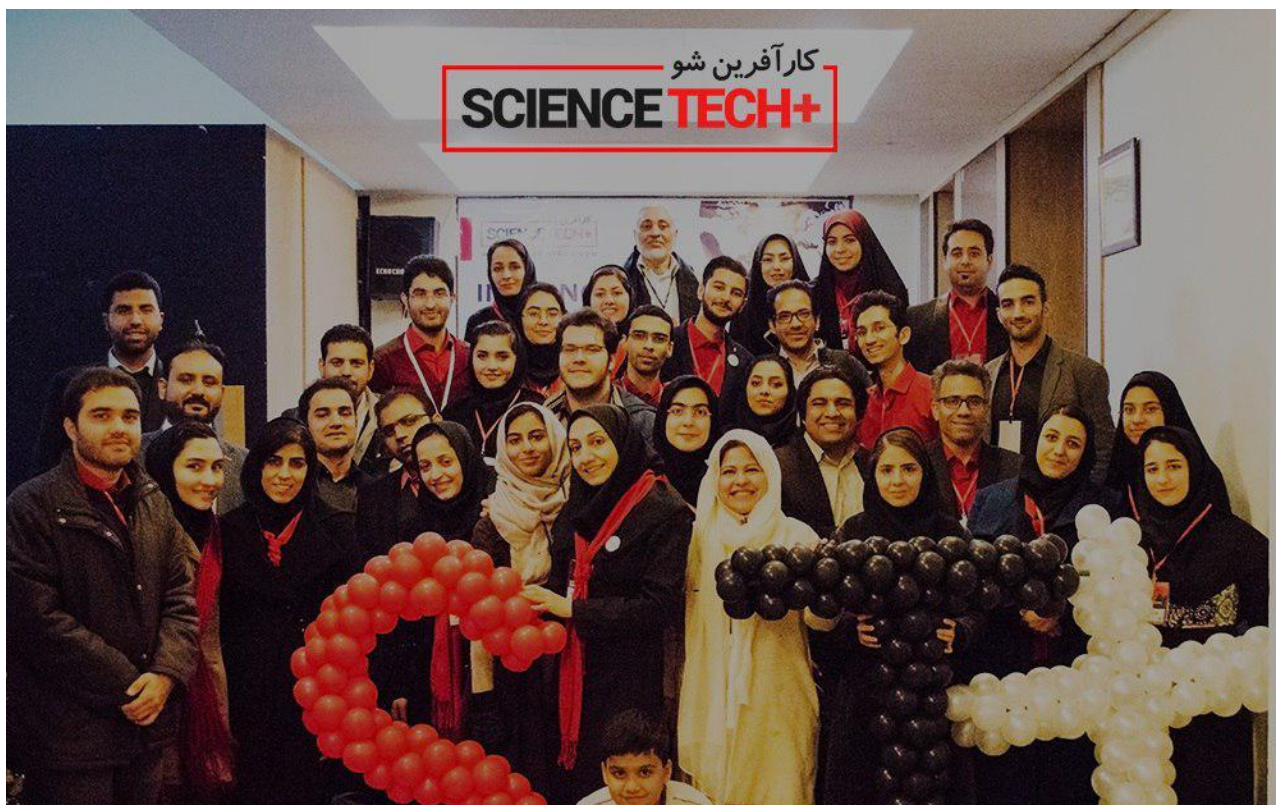

Closing ceremony was much impressive part of the event where Dr. Majid Ebrahim-Warkiani, a globally well-known Biotech and mechanical engineer of Harvard-MIT presented the value of integrating the Science-Research-Entrepreneurship and focus on the training of students and building an academic entrepreneurship ecosystem at all universities. Dr. Syed Ali Akbar Shamsian, president of ACECR Khorasan Razavi, Mr. Ghasem Taghizadeh Khamesi, Honorable Mayor of Mashhad City, Mr. Ishtiaq Ahmad Kanwal, Consoler of Pakistan, Dr. Davari – Cultural Vice Rector of Ferdowsi University of Mashhad, Mr. Amin Babei, Director of Department of Entrepreneurship, Ministry of Welfare, Cooperation and Works, Iran were among the special guests who all delivered short lectures focusing on the necessity of academic networking of ECO countries and development of academic entrepreneurship ecosystem in the universities of ECO countries so that graduates instead of looking for jobs, can create jobs for society.

At the end, certificates were awarded to all participants and those who presented well, certificates of excellences were given along with the gift packs and prizes by the sponsors.

Dr. Ali Mokhari, the motivational speaker on business development and entrepreneurship was closing presenter of the conference.

The conference was responded very well by the participants and were projected in all national and international media of Pakistan-Iran-Turkey. A few snaps of these are given below;
